[] also stated that during his membership in the Communist Party at Spokane, Washington that he recalled the subject as a leader of the Communist Party in Spokane.

"El Cajon, Cal.
October 11, 1951

"I, [] make the following voluntary statement to [], who has properly identified himself to me as a Special Agent of the FBI. If necessary, I am willing to testify regarding the following information:

SE 100-3608

"During 1936 I met BARBARA HARTLE in Spokane, Washington. I attended meetings of the CP which she also attended in that city. It was my understanding she was a member of the Professional Branch of the CP at that time. She was a college graduate and worked as a newspaper reporter on the 'Spokane Star!!' I left Spokane in 1938 and at that time she was still active in the Communist Party there.

"I was a resident of Seattle, Wn. when she moved to that city. She went to work for the CP in that city as, I believe Executive Secretary of the King Co. Communist Party. [redacted] of the King County CP and in that capacity met her in numerous CP committee meetings and CP meetings, until 1944 when I went into the US Army. In my opinion she was among the top 12 CP functionaries in King Co. Washington, and she was active as such at the time of my leaving.

b6
b7c

"In Seattle, BARBARA was also on the State Committee of the Washington CP and also a member of the state Executive Board of the Washington CP. She was also a delegate to several National CP conventions.

"In regard to her original admission to the CP, she entered about the same time I did in Spokane, Wn. I don't know who recruited her but recall we started attending meetings at about the same time.

"To my knowledge, she held no office in the CP in Spokane.

"As executive secretary in Seattle she was ex-officio member of the various committees as, literature membership, education, etc. I know of no other specific offices she held.

"During my affiliation with her in Seattle she taught several classes at CP headquarters and other places in Marxist doctrines and Communist courses, the exact nature of which I do not recall.

"I do not recall any exact statements regarding her adherence to Marxist-Leninist principles or any statements showing advocacy of the overthrow of the Government by force and violence.

SE 100-3608

"I recall attending several programs at which national CP functionaries spoke which were also attended by BARBARA. I do not recall any specific details in regard to functionaires, dates, etc.

"Inasmuch as I have no notes or records I am unable to supply exact dates regarding any of BARBARA HARTLE's CP activities.

"I have read this and the other two pages of this statement, in the handwriting of Agent [REDACTED]. It is true and accurate to the best of my knowledge."

Re Portland letter to Director, 7-1-52
and Bureau letter to Portland, 7-16-52.

Interview in this case was delayed by the Portland Office until an exceptionally discreet opportunity presented itself. Investigation had disclosed that subject had not been active in the Communist Party for a number of years and at the present time enjoys an excellent reputation in his neighborhood and appears to be a devout church member. The right circumstances occurred on the night of 8-27-52 at which time subject was contacted without prior notice while doing some voluntary repair work on the church of which he is a member.

Subject was interviewed in a Bureau car by SAs J. DONALD REED and LEONARD E. FRANK. He was friendly and openly discussed his Communist Party activities, especially in the state of Washington. He indicated that he entered the Communist Party with the idealistic intention of improving the world. Subject discussed the depression years at Yakima, Washington and indicated his feeling of relieving the extreme poverty then prevalent. Throughout the interview subject was very philosophical, and tended to discuss other matters. Although he was quite cooperative, he showed a reluctance to admit the length of his Party membership and hence dwelt more on matters in Washington state which occurred early in his CP career rather than upon those in Oregon. It is believed that in future interviews he will furnish information about the CP in Oregon.

Subject advised he left the Party when he became convinced that in practicality Communism did not measure up to the idealism he had in mind. Subject advised he has transferred his intense desire to help people to the Episcopalian Church of which he is apparently a devout and very active member.

RE: CLIFFORD HENRY GOULD, Was.

SM-C

9-2-52

Subject advised he joined the Communist Party during the early 1930's in Yakima, Washington. Later, he joined the Washington Commonwealth Federation and also the Workers Alliance (during the late 1930's) and became the Vice President for that organization in Washington state. He admitted that in 1934 he was a member of the Young Communist League and in 1935 he was active in behalf of the Communist Party at the University of Washington. In connection with the latter he said that he did not know of any professor at the University of Washington who is actually a CP member but he did recall that some were definitely sympathizers. He could not recall their names. He advised further that those students who were active in the CP were mostly of the "arty," "Bohemian" type who were looking for adventure. There was no hard core of CP members at the University as far as he knew. Subject stated later he was head of the Communist Party in King County (Seattle) Washington where he worked very hard for several years to extend the influence of the Party. In the latter position, MORRIS RAPPORT, Chairman of the Washington State Communist Party, was his superior. Subject advised he had many disputes with RAPPORT over CP policy and knew that RAPPORT was disliked by many CP members in that area. He stated that he believed that he was well-regarded by his Communist superiors for his leadership, but that because of his inclination to dispute Communist policy, he was not popular with them. During the late 1930's MORRIS RAPPORT offered him the Chairmanship of the Oregon State Communist Party solely he believed to get him out of Washington. He advised that he stubbornly declined to accept the position.

As mentioned above, subject was reluctant to discuss his Party activities in Oregon; however, he did admit that he was well-acquainted with [redacted] and [redacted]. He stated that [redacted] was a strong Party sympathizer but that he knows definitely that [redacted] was never technically a CP member.

b6
b7C

PD 100-979
Letter to Director, FBI
RE: CLIFFORD HENRY GOULD, Was.
SM-C
9-2-52

Subject stated that [] has very little leadership ability and is in the Party simply for the power he derives through his position as Chairman of the Oregon State Communist Party. When questioned about individuals in the CP in Washington, subject could not recall [] or BARBARA HARTLE. He readily recalled HENRY HUFF but stated that when he was in Washington, HUFF was a figure of little importance. He recalled [] as a CP member of little ability or influence.

b6
b7C

Subject believes that at this time the CP is dormant and has very little influence. He pointed out that the CP has almost no control in labor unions having lost a great opportunity in the CIO, and that little literature is being distributed and no mass meetings held to any extent.

He believed the main reason for the Party's failure was because it had failed to train good leaders and by dictatorial tactics had lost its most promising members. Further, he believed that the Party during the 1930's lowered its character qualifications for Party membership and let in the "riff-raff" who were of no value and who disgusted many potential Party leaders, causing them to quit.

Subject indicated that he has been and is now very active in Local 583, Carpenters Union, AF of L, Portland. During June, 1952 he was a local delegate to a State Carpenters' Convention at Seaside, Oregon. Subject was specifically advised during the interview that the FBI is not interested in union activities as such, or in employee-employer relationships. Questions were asked only regarding subject's past activities in the CP.

PD 100-979
Letter to Director, FBI
RE: CLIFFORD HENRY GOULD, Was.
SM-C
9-2-52

While subject indicated some reluctance, he advised he has no objection to being interviewed from time to time and will be willing to furnish any information of value to this organization. He asked that such contacts be discreetly made in order that he not be placed in an embarrassing position in his neighborhood or his union.

UACB, the Portland Office will recontact the subject at an appropriate time in the near future for specific information regarding Communist matters in the state of Oregon.

For the information of the Seattle Office, subject has been residing since 1946 at [redacted] Portland, and is employed as a [redacted]. His [redacted] is [redacted].

[redacted] In addition to Communist activities in the state of Washington, which are known to the Seattle Office, subject was active in Portland, Oregon in 1940 where he was Chairman of the Woodstock Branch of the CP. In 1941 he was reported to be a member of the Albina Branch of the CP and in 1943 to be a delegate to the CP Oregon State Bi-annual Convention, Portland.

b6
b7c

Subject apparently discontinued his CP activities in 1944 when the Party adopted the name Communist Political Association. He reportedly felt this indicated an indefinite postponement of the class revolution and he was opposed to this postponement.

Recent investigation disclosed that subject [redacted] appear to have discontinued all connections with the CP and former CP acquaintances.
